Will Talk on Hospital Matters

All citizens interested in the establishment of a hospital at Lacombe, are invited to attend a meeting in the Town Hall on Tuesday evening next, when Mr. H. R. Whitton, Supervisor of Hospitals will give an address on the subject. The meeting will open at 8:30. The people of our district think the time has come when we should have more adequate hospital facilities, and while Lacombe's little hospital is accomplishing good work, it cannot accommodate all who need hospital attention. The local Hospital Board has secured all necessary information on the question, which will also be submitted at the meeting. Farmers of the district are especially invited to attend.

COATES-GILBERTSON WEDDING

The home of Mr. and Mrs. S. Gilbertson presented a lovely wedding scene, with color scheme of pink and white decorations, in honor of the occasion of the marriage of their daughter, Miss Gladys, to Mr. John Coates, Jr. (recently of Olds, but now of Lacombe), the only son of Mr. and Mrs. John Coates, of Olds. The ceremony was performed by Rev. C. E. Fisher, which took place at the noon hour, on Monday, December 26th, in the presence of immediate relatives and a few friends. The occasion set off with its gorgeous surroundings, was one of the prettiest home weddings, and the bride looked distinctly charming, gown in a dress of white satin with long flowing veil and crowned with a beautiful floral wreath, also carrying a lovely bouquet of roses. The bride, leaning on the arm of her father, followed by her bridesmaid sister, Miss Julia, who also looked charming in a pretty dress of pink

georgette, carrying an attractive bouquet of roses, and the bride's brother Ferdinand, who supported the groom, the wedding party entered the parlor to the strains of the Wedding March from Lehmann, played by Mr. W. G. Gooder, who, during the signing of the register, sang "Because."

After the ceremony, a wedding dinner was partaken of, both bride and groom appearing particularly happy during this part of the proceedings. The popularity of the well known young couple was plainly evidenced in the display of a profusion of useful gifts. During the afternoon, a large number of friends of the "newly-weds" availed themselves of an invitation to visit the home and partake of a portion of a magnificent three-layer wedding cake, and to bid the happy couple "au revoir" before leaving on the evening train for their new home in Lacombe. —Olds "Gazette."

Would You Like To Get Away From Ashes, Smoke, Soot and Dirt
This Winter?
IF SO, BURN--

PETROLEUM COKE

It goes further than the best soft coal and, therefore, cuts the cost of heating your home from 25 p.c. to 50 p.c.
It is crude oil with the gasoline removed.
It contains absolutely no ash or other waste.
It does not slack in your bin like coal.
It is clean--no smoke; no soot; no dirt.
It is easy to fire and easy to learn how to fire.
It is burned instead of coal or wood in any stove or furnace.
It is large, lumpy and bright.
It saves you money with less work, worry and attention in firing.
Do not confuse Petroleum Coke with coal coke which contains ash.
Resolve to get away from the daily ash-pan this winter. Burn something that will turn coal-drawery into a pleasant experience.

COMMUNICATION

Let's We Forget

This short article should be broadcast throughout the length and breadth of the World, but it is not. Why? Humanity, generally are talking, but only talking, about peace and never get anywhere? Now why not set in some way? or must we just allow others to do that which we as co-operators are the cause of? "Let's We Forget" please note the following viz:

The Futility of War
By Field Marshall Sir William Robertson, Chief of the Imperial General Staff from 1914 to 1918: "War has become a wholly detestable thing and is almost, if not quite, as disastrous to victors as to vanquished."
"Never in history were preparations so complete or so widespread as during the 50 or 60 years previous to 1914, and yet never were wars so frequent as in that period."

"The colossal cost of modern wars in lives and wealth must one would think, act as a deterrent. The cost of our artillery bombardments previous to the launching of the infantry attack amounted in the case of the battle of Arras to \$13,000,000 (approx. \$65,000,000); of Messines to \$17,500,000, (\$87,500,000), and the third battle of Ypres to \$22,000,000, (\$110,000,000). We are now spending on the fighting services more than any country can afford to pay. The annual amount is \$116,000,000, or (\$580,000,000) or about 40 millions, (200 millions) more than before the war. Even men and women should energetically support all efforts made for devising some more sensible and humane ways of composing international differences than the destructive and futile efforts upon which reliance has hitherto been unsuccessfully placed."

"That is the only conclusion I can reach after a military career covering on Sunday next, a period of exactly 50 years."

I give the result of my experience for what it may be worth. It is at any rate more in accordance with prevailing sentiment and financial conditions than out of date platitudes urging the necessity of maintaining strong fighting forces.

The above speaks for itself--self-should cause serious thought--thought--not teachings by others--taught--and instilled by those who are simply after filthy "ucr."

How in the name of goodness, can we ever think of raising children, to be blown to atoms, for the sake of these greedy--(I almost said murderers), financiers--(you can count them on your fingers) who think nothing of sacrificing the very best boys--and girls too that we have loved to raise. Let us wake up! We are supposed to have had brains at us to us, and surely we ought to use them--start now--another war is in the offing--don't make any mistake about it. I know it, and so ought you to know it. Look at Sir Wm. Robertson's figures--they tell you plainly all about it.

F. K. Healing, Morningtide.

OBITUARY

Charles Herbert Bowie, fifth son of Mr. and Mrs. John Bowie, of Morningtide, was born in Oxford County, Ont., and was buried on Jan. 1st, 1928, his 21st birthday. He came to Morningtide with his parents when a boy, attended Public School at Morningtide and High School at Ponoka. About a year and a half ago, he was married to Miss Thelma Perry of Lacombe, who with a little boy about six months old survives.

The deceased was well and favorably known in the district about Morningtide as well as Lacombe and Ponoka. He was of a very cheerful, happy disposition, always ready to help anybody, a friend of everybody. The sympathy of the entire community goes out to the young widow, and little Jackie, and to the parents and other members of the family. Only thirteen months ago, another brother was laid to rest in the same cemetery. The funeral from the parent home was largely attended notwithstanding the intensely cold weather. The funeral services were presided by Rev. R. H. Brett of Morningtide. The floral offerings were very beautiful.

Many thanks are due to the kind friends in Lacombe for their very great kindness during the brief illness of the deceased.

ONE MILLION READERS

Canada has one institution at least that compares favorably with anything of the kind in the world over. It is the great weekly paper, The Family Herald and Weekly Star of Montreal, with its 72 big pages each week of the very choicest material, and all for one dollar a year. It is marvelous how its editors fill its pages

with such interesting and valuable news, stories, farm news, and hundreds of other features that please and delight its great army of readers every week. There are thousands of homes in Canada where the great paper has been a regular visitor from generation to generation. The Family Herald has been a money maker and a money saver to its readers, and one dollar invested in a year's subscription is the best investment any family can make. It is said to have one million readers in the Dominion.

Motorist Engulfed in Flood

When this bridge collapsed beneath him as he was driving across,
Fred Gellinas of Sherbrooke had an astonishing escape from death
during the recent Quebec floods. Swept downstream by the mad
waters Mr. Gellinas struggled to shore after a fight that lasted a mile
and a half. His Chevrolet, after being buried under fifteen feet of
water for two days, was found as shown in the picture, practically
undamaged, when the floods receded. Only a wet coil prevented the
motorist from driving off, as after the car was hauled out a touch of
the starter turned over the motor.
